## LEGEND

MAP INFORMATION AS OF 1969  
On this map a line is generally considered as being 8-12 feet (2.5-3.6 meters) in width  
EN ESTE MAPA UNA LÍNEA TIENE GENERALMENTE UNA ANCHURA DE 8-12 PIES (2.5-3.6 METROS)

## SIGNOS CONVENCIONALES

INFORMACIÓN HASTA 1969

| ROADS                                                          | CAMINOS                                                    |
|----------------------------------------------------------------|------------------------------------------------------------|
| Dual highway                                                   | Autopista                                                  |
| All weather, hard surface,<br>two or more lanes wide           | Para todo tiempo, carretera<br>pavimentada, dos o más vías |
| All weather, loose or light surface,<br>two or more lanes wide | Para todo tiempo, carretera<br>mejorada, dos o más vías    |
| All weather, hard surface,<br>one lane wide                    | Para todo tiempo, carretera<br>pavimentada, una vía        |
| All weather, loose or light<br>surface                         | Para todo tiempo, carretera<br>mejorada                    |
| Fair or dry weather,<br>loose surface                          | Camino transitable<br>en verano                            |
| Cart track, Trail                                              | Camino de herradura, Sendero                               |
| Bridge                                                         | Puente                                                     |
| Route markers                                                  | Señales de ruta                                            |
| National: Secondary                                            | Nacional: Secundaria                                       |
| RAILROADS                                                      | FERROCARRILES                                              |
| Normal gauge, single track                                     | Vía normal, vía única                                      |
| Narrow gauge, single track                                     | Vía estrecha, vía única                                    |
| Built-up area                                                  | Área construida                                            |
| BOUNDARIES                                                     | LÍMITES                                                    |
| International, Boundary marker                                 | Internacional; Mojón limítrofe                             |
| First-order administrative division                            | Departamento                                               |

|                                    |                                      |
|------------------------------------|--------------------------------------|
| Power transmission line            | Línea de transmisión                 |
| Fence, Wall                        | Cerca; Muro                          |
| Building; Church                   | Edificio; Iglesia                    |
| School; Cemetery                   | Escuela; Cementerio                  |
| Windmill; windpump; Water mill;    | Molino de viento, avionero;          |
| Light; lighthouse                  | Molino de agua; Luz, faro            |
| Horizontal control point;          | Vértice geodésico;                   |
| Bench mark                         | Punto fijo                           |
| Spot elevations in meters:         | Cota en metros:                      |
| Checked; Unchecked                 | Comprobadas; No comprobadas          |
| Sand; Lava                         | Arena; Lava                          |
| Woods, brushwoods; Scrub           | Arboleda; Matorral                   |
| Permanent plantation; Bamboo       | Plantación permanente; Bambú         |
| Marsh or swamp; Mangrove           | Pantano; Manglar                     |
| Nips; Pine                         | Yolite; Pino                         |
| Land subject to inundation;        | Terreno sujeto a inundación;         |
| Dry stream or wash                 | Rio seco o aluvión                   |
| Well; Spring; Intermittent stream  | Pozo; Manantial; Río intermitente    |
| Intermittent lake; Navigable canal | Laguna intermitente; Canal navegable |
| Pier; Reef                         | Muelle; Arrecife                     |
| Dams; Masonry; Earthen             | Presas; de fábrica; de tierra        |
